REMARKS

Applicant's thanks the Examiner for agreeing to speak telephonically with the Applicants on June 8, 2005.

This response is being submitted after filing a first response submitted on May 9, 2005 to a Final Office Action with a mailing date of February, 8, 2005 and an Advisory Action with a mailing date of May 25, 2005 issued by in response to the Applicant's May 9, 2005 submission.

In both the Advisory Action and in the Applicant's conversation of June 8 with the Examiner, the Examiner repeated that claims 51 and 52 would be allowed as written in the Applicant's May 9, 2005 response, but that no other claims could be considered in this Application.

Newly submitted claims 63-84 were rejected in the Action, for being directed to an invention that is independent or distinct from the invention as originally claimed. In order to expedite prosecution of certain remaining claims, Applicants respectfully request that claims 63-84 be canceled without prejudice.

Claims 20-28, 49, 50 and 53-62 were rejected in the Action. Without acquiescing to the Action's characterization of the claims, Applicants respectfully request entry of the above amendments canceling claims 20-28, 49-50 and 53-68, without prejudice.
